- Cooling Unit

-  Dry Herb
-  Liquid Concentrate
-  Solid Concentrate
-  Available: US
-  Available: CA

With a temperature range of 104 °F to 410 °F, the Mighty makes it possible for you to customize your sessions. The LED display shows the current and set temperature as well as battery life status. To adjust the temperature, simply depress the “+” and “-” buttons.

The Mighty utilizes both convection and conduction heating. This hybrid heating allows the device to reach your desired temperature quickly, without burning or charring the dry herb. The Mighty features a draw sensitive timer that employs an automatic shutoff after two minutes of inactivity and vibrates to let you know when the unit has reached the dialed-in temperature or gone to sleep.

Equipped with dual lithium-ion batteries, the Mighty lasts for hours of continuous use; in addition to pass-through charging, it can be operated via power adapter with completely discharged batteries. The Mighty features a solid, durable design with a ribbed exterior for enhanced grip. This tactical design also allows heat to disperse evenly, ensuring that the device’s surfaces remain cool.

WHAT'S IN THE BOX

1x Power Adapter	3x Spare Screens	1x Filling Aid
1x Liquid Pad	1x Cleaning Brush	1x Seal Rings
1x Dosing Capsule	1x Herb Mill (Grinder)	1x Instruction Manual
