-  Available: US
-  Available: CA

The Higher Standards Heavy Duty Rigglar is engineered for advanced, portable water filtration of your dry herb and concentrates. This dual-use innovation features a 7 mm thick, medical-grade borosilicate glass construction. Designed with a fixed diffused downstem, the Rigglar creates fine bubbles and promotes superior airflow for moisture-rich and dense pulls.

The Rigglar is equipped with a quartz banger and glass bowl for optimal flavor transfer. This revolutionary piece includes a carb cap for an airtight seal, and a double-sided concentrate tool with silicone grips for comfortable and precise handling of your material. The Heavy Duty Rigglar also features a sturdy base for supreme stability.

The Rigglar sports an easy-to-clean construction that can achieve crystal-clear perfection with the Higher Standards ISO Pure and Salt Rox, along with the other care and maintenance products.

WHAT'S IN THE BOX
